We're Going Down

Thomas Fiss

Couldn't move once our hearts got in the way
You speak up but there's more that we should say
When all we want is who we are
We let go once the music turns to sound
But hold on cause I swear we're going down
And where we are is just too high
When we're letting go it's likeOh! The way that we fall is the way that we fly
Our hearts take control
We're going down just a little
Oh! The weight of the world puts our hands in the sky
Our hearts take control
We're going down just a little
Oh! Oh yeah (We're going down just a little)
Oh (We're going down just a little)
Hold your breath, let the moment pass us by
And let gravity decide
Just how far our hearts should fly
I feel it holding you
I'd let go but it's got me too
And where we are is just too high
When we're letting go it's likeOh! The way that we fall is the way that we fly
Our hearts take control
We're going down just a little
Oh! The weight of the world puts our hands in the sky
Our hearts take control
We're going down just a little
Oh! Oh yeah (We're going down just a little)
Oh (We're going down just a little)
Oh yeah (We're going down just a little)
Oh (We're going down just a little)
Couldn't move once our hearts got in the way
You speak up but there's more that we should say
When all we want is who we are
Couldn't move once our hearts got in the way
You speak up but there's more that we should say
When all we want is who we are
When we're letting go it's likeOh! The way that we fall is the way that we fly
Our hearts take controlOh! The way that we fall is the way that we fly
Our hearts take control

We're going down just a little
Oh! The weight of the world puts our hands in the sky
Our hearts take control
We're going down just a little
Oh! Oh yeah (We're going down just a little)
Oh (We're going down just a little)
Oh yeah (We're going down just a little)
Oh (We're going down just a little)Couldn't move once our hearts got in the way
Yeah, oh, yeah yeah
Couldn't move once our hearts got in the way
Yeah, oh, yeah yeah
