

# Finally (Album Edit)

## Fool's Garden

No longer the same train it's reelin' on a different track  
No longer the same mistakes and no more looking back  
The station you're headin' for is not the place for me  
I couldn't see the barriers while I was standing in between  
Finally no longer the man I used to be  
No longer the same ship we were sailing on a different sea  
No other apparent reason to go down on my knees  
We were runnin' way too fast, but now it's runnin' off the rails.  
I couldn't see the exit not before the moment we were bound to fail  
Finally no longer the same shit  
No longer the same train without you, without you  
No longer the fool for you, no puppet on a satin string  
No more excuses for nothing, no more words that I don't mean  
We were plantin' the same tree but we had different leaves,  
now the soil is dry  
Let's end up this story for another one to begin  
Finally
