

Wouldn't Hurt So Bad

Steps

I've never met somebody
That does what you do
Takes my emotions and make each one
Fell brand new
Trouble is there is someone
Been here in my heart
So now I've got to put an end to
What I've been dying to start , and it ...[Chorus]
And it wouldn't hurt so bad
If it didn't feel so good
You know I'd be with you
If there was anyway I ever could
You know I wouldn't miss your touch
If I didn't want it so much
I don't want to go
But I should
You know it wouldn't hurt so bad
If it didn't feel so good Sounds like it should be easy
But it's just so hard
We've got to come to our senses
Before we go too far
I want you but I can't have you
So sad so true
Gott a be careful what you wish for
'Cause this could never come true, and it ...[Chorus]
I can't help seeing how it could be
I close my eyes and you're here next to me
I'm helplessly watching us start to fade
And love slip away
