## Front 242

Stretch, sweat, pierce, lash  
Choke, crush, strange desire to fly  
Scream, fight not to scream  
Let's keep on working, man Shadows in the heat  
Weaving on the ground  
Sparkle in the sun  
Boil in the dark Start to vaporize  
Here comes that need to fly  
To fly Keep on working, man  
Keep on working, man Muscles in the dust  
Figures in the light  
Choking in the haze  
Lashing at the heart Hurt  
(Desire to)  
Fire  
(Desire to)  
Shout  
(Desire to)  
Burst  
(Desire to)  
Fly Keep on working, man Hate time, hard time  
Crush time, strong time  
Scream, fight not to scream  
Let's keep on working, man Let's keep on working, man  
Let's keep on working, man
