

# Riot

Dawn Richard

(Intro)

Passion is the mark of the man that commits a right upon his reason(Verse)

Lets start a war

If they build a wall well tear it down

Burn it to the floor

Get like the sound or keep us away(Bridge)

The smoke is in the eh air

The flames start to appear

Like bright lights every-whe-ere

Lets show that love is here(Chorus)

Lets start a riot

Give love a fighting chance

Lets fall in love then

Well never let em turn us down

Lets start a ri-i-i-ot

Lets start a ri-i-i-ot

Lets start a ri-i-i-ot

Lets start a ri-i-i-ot(Verse)

Weve come too far

We watched them try to break us apart

But its in our hearts

I wont stop pushing them where you are(Bridge)

The smoke is in the eh air

The flames start to appear

Like bright lights every-whe-ere

Lets show that love is here(Chorus)

Lets start a riot

Give love a fighting chance

Lets fall in love then

We cant let em turn us down

Lets start a ri-i-i-ot (Lets start a riot)

Lets start a ri-i-i-ot (Lets start a riot)

Lets start a ri-i-i-ot (Lets start a riot)

Lets start a ri-i-i-ot (Lets start a riot)(Interlude)

And when the scars all start to fade

It will be the love that still remains

And when the scars all start to fade

It will be the love that still remains

Raise your arms and celebrate

And hear now a lonely name(Chorus)

Lets start a riot

Give love a fighting chance

Lets fall in love then

Well never let em turn us down

Lets start a ri-i-i-ot

Lets start a ri-i-i-ot

Lets start a ri-i-i-ot

Lets start a ri-i-i-otLets start a riot!
