

Hit and Rape

The Frankenstein Drag Queens from Planet 13

Advisory - the following lyrics contain explicit language:

scream, scream, scream and it don't mean a goddamn thing to me
'cause what you get and what you want's two completely different things
i want you all to fucking hate me
i want you to appreciate me
not to appreciate your rapist
i will put you to the test
hit and rape
cry, cry, 'cause you're gonna die, gonna steal your precious pride
you beg and plead
just do anything
but please don't take your life
against your will
i'll do what i feel and i just wanna rape
hate, hate, hate, hate is great and it's always worth the wait
i want you all to fucking hate me
i want you to appreciate me
not to appreciate your rapist
i will put you to the test
hit and rape
