

# Love Who You Love

## Rascal Flatts

Yeah, I should've stolen every moment  
Now there's a page with not enough on it  
Where we belong  
I guess I'll never understand it  
Why do we take it all for granted  
Until it's gone, Cause then it's gone

Love who you love  
With all that you have  
And don't waste the time that flies so fast  
Love who you love  
And say that you do  
Hold on as tight as they'll let you  
Love who you love

Give all you got like it's your last day  
Your heart and soul before it's too late  
And pull em in  
So close enough that they can feel it  
With every single breath that you're breathin  
Breathe it in again and again

Love who you love  
With all that you have  
And don't waste the time that flies so fast  
Love who you love  
And say that you do  
Hold on as tight as they'll let you  
Hold on, hold on

Love who you love  
Say that you do  
Yeah, yeah

Love who you love  
With all that you have  
And don't waste the time that flies so fast  
Love who you love  
And say that you do  
Hold on as tight as they'll let you

Love who you love  
Love who you love

Hold on, keep on holdin on  
Yeah, with every single breath you breathe in  
Love who you love  
Love who you love  
Again and again and again and again
