Ozzy Osbourne

A psycho driver twisted in my head
Silence broken but there's nothing said
I got a nightmare from a fantasy
Will the voices ever set me free
I can hear 'em, I can hear 'em
Someone wake me when it's over
I can see 'em, I can see 'em
I can see 'em over and over again
I saw it happening like deja-vu
They tried to tell me but they couldn't get through
In my head I hear the voices scream
I need someone to tell me what it means
I can hear 'em, I can hear 'em
Someone wake me when it's over
I can see 'em, I can see 'em
I can see 'em over and over again
Whoa, who turned off the lights?
Whoa, a shadow in the night
Whoa, it wasn't meant to be
I can't take this alone
Don't leave me on my own tonight
No no, I can't take it alone
Don't leave me on my own tonight, yeah
Shattered dreams lay next to broken glass
I wonder if tonight will be my last
I need an angel who can rescue me
To save me from my mental symphony
I can hear 'em, I can hear 'em
Someone wake me when it's over
I can see 'em, I can see 'em
I can see 'em over and over again, yeah
Whoa, who turned out the lights?
Whoa, shadows in the night
Whoa, it wasn't meant to be
I can't take this alone
Don't leave me on my own tonight
No, no I can't take it alone
Don't leave me on my own tonight, yeah
