Penniless

Ponderosa

Goodbye nickel n' dime
Ain't got a dollar but I feel alright
Got no home since the wells gone dry
Goodbye nickel n' dimeDusty bowls and salty air
Yellow tiger lilies tangled in my hair
If the road is long I don't even care
If I ain't got a nickel or a dimeCall me if you don't want to feel lonely
When it comes to money, I ain't seen mine
Baby, I've been missing you lately
Ain't tryin' to be shady to stay in your lifeGoodbye nickel n' dime
Ain't got a dollar but I feel alright
Got no home since the wells gone dry
Goodbye nickel n' dimeMoon is bright in the mountain high
A new day comes with the river tide
Singin' songs in the sweet sunshine
I don't need a nickel or a dimeWe go down this road once more
If I knew my man should go, like it was beforeCall me if you don't want to feel lonely
When it comes to money, I ain't seen mine
Baby, I've been missing you lately
Ain't tryin' to be shady, to stay in your lifeCall me if you don't want to feel lonely
'Cause when it comes to money I ain't seen mine
Baby, I've been missing you lately
Ain't tryin' to be shady, to stay in your lifeCall me if you don't want to feel lonely
(To stay in your life, to stay in your life)
When it comes to money
(To stay in your life)
Baby, I've been missing you lately
Ain't tryin' to be shady, to stay in your lifeDon't need a nickel or a dime
