Psychedelic Pill

Neil Young & Crazy Horse

Party girl's got her shiny dress on
Look at those party moves
She's lookin for good timesShe loves to dance and she loves the action
Wherever the party goes
She's lookin for good timesYou never gonna see a tear in her eye
Never see her break a frown
She lookin for good timesThe way she dances makes my heart stand still
When she's spinning in the sky
Every move is like a psychedelic pill
From a doctor I can't find
