My Only True Friend

Gregg Allman

You and I both know this river will surely flow to an end
Keep me in your heart keep your soul on the mendI hope you're haunted by the music of my soul
When I'm gone
Please don't fly away and find you a new love
I can't face living this life alone
I can't bear to think this might be the end
But you and I both know the road is my only true friendAnother night alone but I see you in my dreams sometimes
No matter where I go lord knows
You were always on my mind
I hope you're haunted by the music of my soul
When I'm gone
Please don't fly away and find you a new love
I just can't face living this life alone
I can't bear to think this might be the end
But you and I both know the road is my only true friendStill on and on I run it feels like home is just around the bend
I got so much left to give
But I'm running out of time, my friend
I hope you're haunted by the music of my soul
When I'm gone
Please don't fly away and find you a new love
I just can't face living this life alone
I can't bear to think this might be the end
But you and I both know the road is my only true friend
You and I both know the road is my only true friend
