Lone Wolf

Eels

I am a lone wolf
I always was and will be
I feel fine, I am resigned to thisI am a lone wolf
I am a lone wolfGot my cares, wrapped up all nice and neat
In my suitcase, I'll take it down the street
To a place with plenty of space for meI am a lone wolfI am a lone wolf
It blows my mind
That people wanna try to get inside my tired headI am a lone wolf
I am a lone wolfI am a lone wolf
Nobody needs to get too close to me
You'll only see this truthI am a lone wolf
