

# Lone Wolf

## Eels

I am a lone wolf  
I always was and will be  
I feel fine, I am resigned to this I am a lone wolf  
I am a lone wolf Got my cares, wrapped up all nice and neat  
In my suitcase, I'll take it down the street  
To a place with plenty of space for me I am a lone wolf I am a lone wolf  
It blows my mind  
That people wanna try to get inside my tired head I am a lone wolf  
I am a lone wolf I am a lone wolf  
Nobody needs to get too close to me  
You'll only see this truth I am a lone wolf
