

# Look Out

## 3 Inches of Blood

The world of metal  
Was ruled by him for many years  
Even though he's gone he will live on  
He did reign on a silver mountain high  
The spirit will not die  
When you hear him coming LOOK OUT [x6] There was no equal  
He was a legend of his time  
A voice that always shines  
brighter than a shooting star Send you to Heaven and shoot you to Hell  
He slayed the dragon each and every night  
It was his right  
A king among his kind  
He shared his wisdom even to the last in line The world now better having been touched by his gift  
From the lowliest mortal to the Gods on high  
A force to reckon for all eternity You think you're ready, but you're not prepared  
When you hear the sound LOOK OUT [x3] Send you to Heaven and shoot you to Hell  
He slayed the dragon each and every night  
It was his right  
A king among his kind  
He shared his wisdom even to the last in line  
His glory is divine  
Capturing the essence of all that's great and fine [Solo: Clark] He slayed the dragon each and every night  
It was his right  
A king among his kind  
He shared his wisdom even to the last in line  
That he was taken shed a tear  
His legacy remains so he will never die  
Be aware that he's coming for you LOOK OUT [x3]
