

Cannonball

Supertramp

You're tellin' lies
So don't you criticize
Yeah, I got used
All messed up and abused You let me down
With all your runnin' round
Still you pretend
And try to call me friend Don't say a word
I know just what I heard
Yeah, you've been loose
You just go no excuse Just feel my rage
Why can't you come of age?
I felt it all
Just like a cannonball Then you got mad
You said that I'm all bad
So what's the use
You lied and that's the truth You took the key
And drove right out on me
I never knew
Put all my trust in you Okay that's it
I'm leaving now, I quit
I was unwise
So don't apologize I paid the price
For taking your advice
I felt it all
Just like a cannonball You can say
What you want all day
But I've never been
So outraged I'm washing
My hands of you
How could you
Be so untrue You know
I can't stand no more
You know
I can't stand no more
I can't stand no more
Can't stand no more
