

# \$5 Steak

## Bliss n Eso

I look dazzling in this raspberry cardigan  
Good evening Ladies and Gentlemen, The boys are back, the \$5 steaks are on me  
If you need it, Girl we got it  
This is a party for the underprivileged  
Girl you want it, Yeah I got it  
This is a party for the underprivileged  
I wanna tell ya, I wanna talk to you girl  
I wanna smell ya, I wanna song in my world  
and goddamn it girl, you gotta really swirl, and your heart  
Come on show me where to start.  
Oh yeah, tell me darling, Oh yeah, tell me darling.  
I'll be home alter on, I'll be home later on,  
I can't be judged right now baby girl, I'll be home later on Come with me I would like to show you  
This wonderful world, that I can live to,  
If you could reach out, then you would know this  
Cupid don't miss and my name is Bliss  
I wanna show ya, I wanna show ya girl  
I wanna show ya, I wanna show ya girl  
I wanna show ya, I wanna show ya girl  
I wanna show ya, I wanna show ya girl All i see is a crowd full of circus freaks,  
In the dark you're the spark for my circuitry  
I hit the pub wit her, I buy you a \$5 steak  
I hit the pub wit her, I buy you a \$5 steak  
I don't like hittin' clubs no more  
Coz all I do is hang up on the wall,  
I don't dance like I used to,  
Coz the music sounds like candy,  
They cannot come close to me,  
I'm home with my family  
??  
Goddamn, you look so fine tonight  
She's like dynamite  
It was a miracle, Goddamn, It was a miracle  
It was a miracle, Goddamn, It was a miracle  
She's my girll, Oh yeah, She's my darling, Oh yeah, tell me darling.  
I'll be home alter on, I'll be home later on,  
I can't be judged right now baby girl, I'll be home later on Come with me I would like to show you  
This wonderful world, that I can live to,  
If you could reach out, then you would know this
