

# It's All Over Now, Baby Blue

## Sholi

Hey, Joe you got it  
Right, blow horn You must leave now  
Take what you need, you think will last  
    But whatever you wish to keep  
You, you better grab it fast You understands  
    Your orphan with his gun  
    And that's no fun  
    Crying  
Like a fire in the sun So, so look out, babe  
    The saints are comin' through  
    Oba, was vorbei is  
Is vorbei, baby blue The highway is for gamblers  
    You better use your sins  
    Take whatever you gathered  
    Take whatever you gathered  
From your coincidence The empty handed painter  
    From your streets  
    Is drawing crazy patters  
On his sheets And babe, the sky too  
    Is folding over you  
    Oba trotzdem, was vorbei is  
Is vorbei, baby blue Und vergi nicht deine  
    High heels, deine high heels  
    Deine heien, roten schuh'  
Baby blue Leave your stepping stones behind  
    There's something that calls for you  
    Forget the dead you've left  
They will not follow you Your lover who has just walked  
    Out the door  
    He has taken all his blankets  
From the floor, Jesus Look out, babe  
    The saints are comin' through  
    Oba, was vorbei is  
Is vorbei, baby blue Go, strike another match, go, go  
    Get, start something new  
    Start something new  
    Oba, was vorbei is  
Is vorbei, baby blue Still lovin', baby  
    Und wvens'd mi hearst

Dann wat eh wen I man, okay  
There's a couple of drinks more, please
