

Space Captain

Joe Cocker

Once I was traveling across the sky
This lovely planet caught my eye
And being curious I flew close by

And non I'm caught here

Until I die

Until we die

Learning to live together

Learning to live together

Learning to live together

Till we die

I lost my memory of where I've been

We all forgot that we could fly

Someday we'll all change into peaceful man

And we'll return into the sky

Until we die

Until we die

Learning to live together

Learning to live together

Learning to live together

Till we die

Live together, yeah,

Learning to live together

Till we die

Learning to live together

Learning to live together

Learning to live together

Learning to live together

Till we die

Hum, oh

Ah, hum

Until we die

Until we die

Learning to live together

Learning to live together

Learning to live together

Learning to live together

Learning to live together

To live together

To live together

To live together
