I stay up my gun tucked, I gives a fuck so, welcome to Jamrock  
No, welcome to my damn block  
Where the slugs and cans pop  
For the ones and tan rocks, kids play in the sandbox  
Other kids lay in boxes with sand tops, you can't stop this  
Murder, murder, murder, mu-murder shit, this  
Servin', servin', se-servin', servin', se-servin' bricks, we  
Purchase, purchase, pu-purchase and purchase, purchase whips, we  
Swervin', swervin', sw-swervin', swervin', on purpose, bitch  
Try to stop me, you ain't, kid  
Try to pop me, you can't live  
If so, you'll need an oxygen tank, shit

And for those bucks I'm no punk  
I'm Scarface, coked up, you know what  
I think I need another hit  
You know who you fuckin' with?

So don't get it confused or fucked up  
My dudes will jump up  
The ruger, dump dump, bup bup  
And  
(They call it murder)  
Act stupid, the gat's shootin'  
We'll leave you there, leave you square  
Box style, box style, he who dares  
(Dares)  
Don't play, be calm now, calm down 'cuz  
We all know you're not a killa, killa gorilla, man  
Y'all know I get that scrilla, scrilla f'reala, fam  
Catch me in the chinchilla all through the winter, man  
Never catch me trippin', slippin' and kill me, damn  
I show the hood love, they show me love back  
And the hood is where my heart is, so I love that  
Nah, you can't keep a black man down  
I'm worldwide, Harlem's own, Manhattan bound, ay

Murder, murder, mu-murder  
Murder, mu-murder these streets

Get it together, now, now get my Pape's right  
Come through late night, I know what it tastes like
