Do Ya Really

Average White Band

Baby now, why don't you let me stop
Show you how we have ourselves a good time
Get on up till you drop, I won't make it any secrets
She said "Let it ou t, and lay it next to mine"
Do ya really want to have fun
Come and funk with me baby
Do ya really want to get high by yourself
Do ya really want to have fun, get a jump on it baby
Don't you really want to just try something else
Move me, do me up, this girl's got juice
She don't know what she's doing to me
My degrees, I believe that this could lead to love
Especially the way she said to me
Do ya really want to have fun
Come and funk with me baby
Do ya really want to get high by yourself
Do ya really want to have fun, get a jump on it baby
Don't you really want to just try something else
Whatever else you might have shajen
You'll be welcome baby, right there by my side
Whatever hearts you might be breaking now baby
My arms are always open wide
Do ya really want to have fun
Come and funk with me baby
Do ya really want to get high by yourself
Do ya really want to have fun, get a jump on it baby
Don't you really want to just try something else
Do ya really want to have fun
Come and funk with me baby
Do ya really want to get high by yourself
Do ya really want to have fun, get a jump on it baby
Don't you really want to just try something else
