Jesus Christ

Gay Dad

Jesus Christ
How's a good man got to be?
Jesus Christ
They really took the crown from meBecause we all need somebody
When the road gets a little rockyJesus Christ
Make a good man out of meSave my life
I'm as scared as I can be
Save my life
Take this longing out of meBecause we all need somebody
When the waves get a little rockySave my life
Make a good man out of me, pleaseAnd I should have told you
That things were going wrong
And I should have asked you
For direction all alongJust a minute of your time would comfort me
Kill the emptiness
Oh, I need some harmony
Some harmonyJesus Christ
Make a good man out of meAnd I should have told you
That things were going wrong
And I need to know
That you'll be there to keep me strongJust take a second of your time and calm me down
Feel this emptiness
Oh, I need someone around, someone around
Someone around tonightJesus Christ
Save my life
Jesus Christ
Save my lifeSay the word, breathe on me
Make a good man of me
