

# I Finally Made It

## 4Dbling

See I'm flyin' in a spaceship  
And I'm glad that I finally made it  
Cuz, they told me that I wouldn't make it  
I made it, see I made it

Oh why

Why do they keep on doubting me, I'm fly  
Chilin' in the sky and I'm never comin' down

Oh no oh no no

I'm fly

This is what happens when you doubt me  
I take a beat then I speak over it loudly  
About how I came from the bottom to the top  
Now that I'm up here, I'm never gonna drop  
Even my girl said I wouldn't make it rappin'

Well, look at me now

I made it happen

22 years but I still look

And I spit harder than anyone who'll face me  
See but there is a group of people that I can thank  
My whole fan base who put a smile on my face  
You really don't know how much it means to me  
That you those to have faith and believe in me  
Cuz, I used to be a junkie, but you saw right through it  
You gave me a chance and Ima promise, Ima prove it

Yes, I owe you everything

So, when I sing, its only cuz you let me sing

We are flyer in a spaceship

And I'm glad that I finally made it

Cuz, they told me that I wouldn't make it

I made it, see I made it

Oh why

Why they keep on doubting me I'm fly  
Chilin in the sky and I'm never comin' down

Oh no oh no no

I'm never comin down oh no oh no no

I'm fly

And since I can't come down come and get into my spaceship

And we'll fly up to the starts to the matrix

Cuz you should never be hurt and depressed

Feels like a weight crushin' down on your chest  
Bet you can't live cuz you can't get a break  
Well, ima tell you this  
All you gotta do is wait  
And somehow, some way, someday you'll see  
You can be anything that you really wanna be  
Cuz aint nobody holdin you down except yourself when you frown so turn it upside down  
Get inside take the ride in my spaceship  
Yes, we'll fly, yes well ride just have patience  
We'll be high above the sky in my spaceship  
And we can see the sun rise even take pics  
Just know you are free its the greatest  
Cuz they will know that we finally made it  
We e flyer in a spaceship  
And im glad that i finally made it  
Cuz they told me that i wouldnt make it  
I made it see I made it  
Oh why  
Why they keep on doubting me Im fly  
Chilling in the sky and im never comin down  
Oh no oh no no  
Im never comin down oh no oh no no  
Im fly  
In a spaceship and im glad that in finally made it  
Cuz they told me that I wouldnt make it  
I made it see I made it  
They will know that we finally made it
