What's Your Name

Irregular Synth, Fractious

What's your name [x2]
What's your name [x2]
But I been waiting on you
I've been so patient for you
I'm not trying to rush you or anything
I just want to get to know you
There ain't no need for gaming
I know just what your saying
And I been watching you from all the way across the room
I just got to find a way to come and talk to you
And I'm so bad at introductions
And I don't know what to talk about
And I don't want to say the wrong thing and push you away from me
And you so tight I don't want to mess this up
And you just the type to have me dressing up
There's only one chance
I got to say something
Here goes nothing
Usually I don't do this but
You wont do it for me so
What's your name (baby, baby) [x2]
It takes two to make a thing go right
You are looking to right so
What's your name (baby, baby) [x2]

Its not that I'm impatient
But you're procrastinating
And I'm not trying to rush you or anything
I'm not trying to be rude
And I can't wait no longer
The feelings getting stronger
I'm the only one you not talking two
So I got to come and talk to you
But baby I'm
And I'm so bad at introductions
And I don't know what to talk about
And I don't know what to talk about
And I don't want to say the wrong thing o push you away from me
And you so tight I don't want to mess this up

And you the type to have me dressing up
There's only one chance
I got to say something
Here goes nothing
Usually I don't do this but
You wont do it for me so
What's your name (baby, baby) [x2]
It takes two to make a thing go right
You are looking to right so
What's your name (baby, baby) [x2]
