Music for Love

Will Taylor

Right about now
Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
'Cause baby girl, this is the music for love
Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby girl, this is the music for love
Girl, let my frequency just flow through your body
Get this party started 'cause baby, baby
Girl, this is the music for love
Put me on repeat, girl
Let's go again and again
No matter AM or FM
'Cause baby girl, this is the music for love
Wow, we could play the music loud
Whenever nobody's around
'Cause if the sound, it starts to wake up the neighbors
We gonna have to turn it down, down, down, down
I'm about to have a real eruption
There's gonna be no interruptions
Baby, come push my buttons
I'll show you all my functions
Press play and let me start
Fast forward to your favorite part
After we done hit rewind
We'll go back to the top
Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
'Cause baby girl, this is the music for love
Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby girl, this is the music for love
Girl, let my frequency just flow through your body
Get this party started 'cause baby, baby
Girl, this is the music for love

Put me on repeat, girl
Let's go again and again
No matter AM or FM
'Cause baby girl, this is the music for love
I'll keep you moving your body
I'll be the DJ that turns this private party out
I'll play your favorite song
From my iTunes to your iPod, girl
Girl, I know how to put it on computer love
And we'll do this all night long

And you can sing along
Just as long as you sing in my microphone
Oh, you ain't gotta worry about parental advisory
'Cause girl, we're grown
And the music we're making
Baby, we're making for love
Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
'Cause baby girl, this is the music for love
Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby girl, this is the music for love
Girl, let my frequency just flow through your body
Get this party started 'cause baby, baby
Girl, this is the music for love
Put me on repeat, girl
Let's go again and again
No matter AM or FM
'Cause baby girl, this is the music for love
You miss me on the hotline, yeah
Tell the DJ to play it all night, girl
When you call let me hear what you sound like
Girl, we in heavy rotation
Girl, I'll be all on your station, let me know
You miss me on the hotline, yeah
Tell the DJ to play it all night, girl
When you call let me hear what you sound like, girl
Baby, we in heavy rotation
Girl, I'll be all on your station, let me know
Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters

'Cause baby girl, this is the music for love
Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby, this is the music for love
Girl, let my frequency just flow through your body
Get this party started 'cause baby, baby
Girl, this is the music for love
Put me on repeat, girl
Let's go again and again
No matter AM or FM
'Cause baby girl, this is the music for love
You miss on the hotline, yeah
Tell the DJ to play it all night, girl
