

# Music for Love

## Will Taylor

Right about now  
Girl, turn me up  
And let me come through your speakers  
Blow the sound out of your tweeters  
'Cause baby girl, this is the music for love  
Shawty, don't be scared  
Just let the bass line hit you  
Boom, boom, all up in your system  
'Cause baby girl, this is the music for love  
Girl, let my frequency just flow through your body  
Get this party started 'cause baby, baby  
Girl, this is the music for love  
Put me on repeat, girl  
Let's go again and again  
No matter AM or FM  
'Cause baby girl, this is the music for love  
Wow, we could play the music loud  
Whenever nobody's around  
'Cause if the sound, it starts to wake up the neighbors  
We gonna have to turn it down, down, down  
I'm about to have a real eruption  
There's gonna be no interruptions  
Baby, come push my buttons  
I'll show you all my functions  
Press play and let me start  
Fast forward to your favorite part  
After we done hit rewind  
We'll go back to the top  
Girl, turn me up  
And let me come through your speakers  
Blow the sound out of your tweeters  
'Cause baby girl, this is the music for love  
Shawty, don't be scared  
Just let the bass line hit you  
Boom, boom, all up in your system  
'Cause baby girl, this is the music for love  
Girl, let my frequency just flow through your body  
Get this party started 'cause baby, baby  
Girl, this is the music for love

Put me on repeat, girl  
Let's go again and again  
No matter AM or FM  
'Cause baby girl, this is the music for love  
I'll keep you moving your body  
I'll be the DJ that turns this private party out  
I'll play your favorite song  
From my iTunes to your iPod, girl  
Girl, I know how to put it on computer love  
And we'll do this all night long

And you can sing along  
Just as long as you sing in my microphone  
Oh, you ain't gotta worry about parental advisory  
'Cause girl, we're grown  
And the music we're making  
Baby, we're making for love  
Girl, turn me up  
And let me come through your speakers  
Blow the sound out of your tweeters  
'Cause baby girl, this is the music for love  
Shawty, don't be scared  
Just let the bass line hit you  
Boom, boom, all up in your system  
'Cause baby girl, this is the music for love  
Girl, let my frequency just flow through your body

'Cause baby girl, this is the music for love  
You miss me on the hotline, yeah  
Tell the DJ to play it all night, girl

Girl, we in heavy rotation  
Girl, I'll be all on your station, let me know  
You miss me on the hotline, yeah
