Karma - Spawnbreezie

Verse 1:

I done messed up, I left with a girl after the club
I done messed up, and it all just started off with a hug
Oh what the what, she said she had a little too much
And I ain't never been one to say no

She said she wants to, turn off the lights
Then she wanted, to stay the night
I don't do this much, see I ain't down with a one night stand
But I do make love, say but I'm not that type of man
She says she loves me, oh do you love me now
I hate to break your heart baby but imma tell you this once

Chorus:

Whatever you do, don't fall in love
It gets a little crazy baby but I am not the one
I know that you'll find it, somewhere out there
Just not right here

Verse 2:

I done messed up, just seeing them played all over again
But now I'm stuck, she told me don't go falling in love
That's just my luck babe, I couldn't help it girl you're so fine
But everytime that you are there I start losing my mind, babe
I don't believe this, I lost my touch
She said I'd hate to break your heart baby but imma tell you this much

Chorus:

Whatever you do, don't fall in love
It gets a little crazy baby but I am not the one
I know that you'll find it, somewhere out there
Just not right here

Chorus:

Whatever you do, don't fall in love
It gets a little crazy baby but I am not the one
I know that you'll find it, somewhere out there
Just not right here
