

# Seasons

**Dave Mason**

Seasons come seasons go.  
That's the time that our love grows  
You and I want to know  
Rivers dry and love will flowChorus:  
Will our love come in the middle of summer?  
Will our love come in the night?  
Will our love come in the middle of sunshine?  
But to tonightSummer comes waves of blue  
Hearts of gold sunshine through  
Winters cold brings me fear  
Look for us we'll be hereChorus:  
Will our love come in the middle of summer?  
Will our love come in the night?  
Will our love come in the middle of sunshine?  
But to tonightLife grows old day by day  
Dreams grow strong fade away  
Love for sure shows the way  
Summer warmth and winters dayChorus:  
Will our love come in the middle of summer?  
Will our love come in the night?  
Will our love come in the middle of sunshine?  
But to tonight
