

# Off My Rocker

Billy Currington

Well we know it ain't the first time  
We know it used to be my past time  
And a couple times back we agreed that was gonna be my last time  
But I guess last night I plum forgot who's runnin' this show and who's not  
Oh I must've been off of my rocker  
I must've got some wires crossed  
To come in hear claimin' that from here on out  
I'm gonna be the boss  
Oh it must've been me the big talker  
I had a little too much of Johnny Walker  
So let's forget about it baby  
I must've been off of my rocker  
No there ain't no need to stay mad  
No need to waste a whole day mad  
Though I have to admit honey you look pretty darn cute mad  
Oh baby workin' this out can't be that hard, I said I'm gonna be in charge  
Well I must've been off of my rocker  
I must've got some wires crossed  
To come in hear claimin' that from here on out  
I'm gonna be the boss  
Oh it must've been me the big talker  
I had a little too much of Johnny Walker  
So let's forget about it baby  
I must've been off of my rocker  
Oh burn it down now  
Yeah I guess last night I plum forgot  
Who's runnin' this show and who's not  
Oh I must've been off of my rocker  
I must've got some wires crossed  
To come in hear claimin' that from here on out  
I'm gonna be the boss  
Oh it must've been me the big talker  
I had a little too much of Johnny Walker  
So let's forget about it baby  
I must've been off of my rocker  
Yeah let's forget about it baby  
I must've been off of my rocker  
Oh I'm sorry about that baby
