

I'm Not There (Live From London ULU 1992)

Buffalo Tom

Maybe it's only 'cuz I'm so poor
That you don't count me anymore
Maybe I'm tryin' to compare
Take my picture don't you dare
(Don't you dare) Maybe it's only 'cuz I fall
I'm so much closer, but you're so tall
But I'm no baby, I ain't no child
I'll get to bed soon in a while
Hear me callin' down your stairs
Count your children don't be scared
(Don't be scared) My wooden floor is awful bare
But you can't take me I'm not there
(I'm not there) 'Cuz I'm screamin', 'cuz I'm tired
I'm a little bit lonesome, I'm not so dire
But I'm no baby, I'm no child
I'll get in bed now just for a while
Hear me callin' down your stairs
Count your babies one's not there
One's not there Yeah
No killing
Nobody
