

Resolve

Gone Is Gone

Day light take me
No control
No control Wind blows
We go
Shadows Sitting with you day into the night long
Silence makes the moment hold its time gone Shame loss blame numbness
Make the heart grow cold Wind blows
Shadows Sitting with you day into the night long
Silence makes the moment hold its time gone I understand you
What you have learned from me
The secret of sound
I give you
The secret to breathe Sitting with you day into the night long
Silence makes the moment hold its time gone Strength of this will always make your eyes blind
The sun is setting so we'll make it right
