Say It With Flowers

Fish

We could talk for hours and we do about nothing
And avoid talking about anything that could 'cause us problems
But we couldn't ignore and have to talk about, to sort something out
We got to keep talking, keep talkingSo we're talking and that's something
I'm really happy that we're talking
It's sure to get us somewhere, make it better
And then we're sorted, just as long as we keep talking
Everything's gonna be alrightI got secrets then you know that
You got secrets I want to know about
But if you want to know what I know
That you know then, we got to start talking
Let's be honest, we can't ignore it, keep talkingWhen I look into your eyes I don't know what to say to you
When I'm standing face to face, I don't know what to say to you
They said say it with flowers so said it with flowers
I sent you short red roses, short red roses
Everything's gonna be alrightWe've been talking for hours, so have we got somewhere?
Can we say it's all worked out, it's all okay?
Let's go to bed, I'm tired, to be honest
I just want to go to sleep, tiredLet's talk about it in the morning
Let's talk about it in the morning
To be honest, tired, tired
