

Cuddle Up

Catey Shaw

The snow is falling down
Outside my window
The roads are closed
There's nowhere to go
And I wanna be with somebody
This time of the year
Is better this way
You're more than just anybody
It's Christmas and
I want you to stay
Come here baby
Why don't we cuddle up
I wanna cuddle up
Come here baby
Why don't we cuddle up
I wanna cuddle up
Come here baby
Why don't we cuddle up
I wanna cuddle up with you
