

Posse Bonus

Tori Amos

This is your posse bonus
This is your extra
This is your posse bonus
'Cause I like you
This is your posse bonus
This is your extra
This is your posse bonus
'Cause I like you
Because I like you
'Cause I like you Porcupine
Burrow your way
To freedom
This is your posse bonus
This is your extra
This is your posse bonus
'Cause I like you
Eat your greens feed your head
Mind the doubts they harvest them
Broccoli feed your head

Their ideas are fried in fat
This is your posse bonus
This is your extra
This is your posse bonus
'Cause I like you
Because I like you
'Cause I like you Porcupine
Burrow your way
To freedom
You say that "You're not bothered
To lie beneath pigs
Then go on Laura
Here's a flower for your grave"
This is your posse bonus
This is your extra
This is your posse bonus
'Cause I like you, I like you, I like you
