Something Like You

'n Sync

Yeah ohh, so many times
I thought, I had it in my hands
But just like grains of sand
Love slipped through my fingersAnd so many nights
I asked the Lord above
Please make me lucky enough
To find a love that lingersSomethin' keeps telling me
That you could be my answered prayer
You must be heaven sent, I swear'Cause somethin' happens
When you look at me, I forget to speak
Somethin' happens
When you kiss my mouth, my knees get so weakCould it be true, this is
What God has meant for me?
'Cause, baby, I can't believe
That somethin' like you could happen to meYeah, somethin' like you
Girl in your eyes I feel your fire burn
Oh, your secrets I will learn
Even if it takes foreverWith you by my side I can do anything
I don't care what tomorrow brings
As long as we're togetherMy heart is telling me
That you could be 'my meant to be'
I know it more each time we touch'Cause somethin' happens
When you look at me, I forget to speak
Somethin' happens
When you kiss my mouth, my knees get so weakCould it be true, this is
What God has meant for me?
'Cause, baby I can't believe
That somethin' like you could happen to meSomethin' magical, somethin' spiritual
Somethin' stronger than the two of us alone, yeah
Somethin' physical, somethin' undeniable
Nothing like anything that I've ever known'Cause somethin' happens
When you look at me, I forget to speak
Somethin' happens
When you kiss my mouth, my knees get so weakCould it be true, this is
What God has meant for me?
'Cause, baby, I can't believe, no
That somethin' like you
That somethin' like you could happen to meSomethin' happened, yeah, ohh
Can't believe that you happened to me, yeah
