

# Care of Cell 44 (Backing Track)

## The Zombies

Good morning to you, I hope your feeling better baby  
Thinkin of me while you are far away  
Counting the days until they set you free again  
Writing this letter, hoping your okay  
Sent to the room you used to stay in every Sunday  
The one that is warmed by sunshine everyday  
And we'll get to know each other for a second time  
Then you can tell me about your prison stayFeels so good your coming home soonIts gonna be good to have  
you back again with me  
Watching the laughter play around your eyes  
Come up and getcha, saved up for the train fare money  
Kiss and make-up and it will be so niceFeels so good your coming home soonWalkin the way we used to walk  
And it could be so nice  
Talkin the way we used to talk  
And it could be so niceIts gonna be nice to have you back again with me  
Watching the laughter play around your eyes  
Come up and getcha, saved up for the train fare money  
Kiss and make-up and it will be so niceFeels so good your coming home soon(Ahh ahh ahh ahh ahh ahh  
Ahh ahh ahh ahh ahh ahh)Feels so good your coming home soon
