True American Hate

Testament

Fear nothing, say nothing
Pledge allegiance to what's right
The future in question
Revolution overnight
For all the disservice
Into peril we fell
My instinct ticking like a time bomb
The human race implodes
Some choose to celebrate
Some choose to hate
Some choose to live their life
Through someone else's pain
All those who follow
All those with faith
Show us your colors, American hate
True American Hate (Hate!) x3
Stand up and be counted
Stand up for what's right
Fall to resurgence
Intuition overnight
The final plot in question
Evil mind overturned
So many flags of hate
So many nations scorned
Stand tall and be proud
Is there an end in sight?
Ever since conception
Always fighting for your life
Underneath the surface
There toils your hell
I'm ticking like a time bomb
Watch the world explode
