

# Non Stop

## Start Trouble

It's enough for you to want me  
And I feel love, inside my body  
And after school I think I'll call you  
And I've been rude ever since I saw you, I'm sorry I wanna fuck non-stop, baby I think you're beautiful  
You got to tell your pops I'm cool and I'll be good to you  
I'll drop you off at your curfew  
It's true I wanna fuck non-stop, baby I think you're beautiful  
I think you're beautiful At the Y you were in your g-string  
And you were shy but you were easy  
I don't know why I waited so long  
Here I am, I'll let you in on my secret I wanna fuck non-stop, baby I think you're beautiful  
You got to tell your pops I'm cool and I'll be good to you  
I'll drop you off at your curfew  
It's true I wanna fuck non-stop, baby I think you're beautiful  
So fuckin' beautiful And after all the get to know you's  
There will be some other reason  
Another feeling that draws me to you Here we are our bodies calling  
Just hold on and take it all in We're gonna fuck non-stop, baby I think you're beautiful  
You got to tell your pops I'm cool and I'll be good to you  
I'll drop you off at your curfew  
It's true I wanna fuck non-stop, baby I think you're beautiful  
I think you're beautiful, I think you're beautiful  
I think you're beautiful We're gonna fuck non-stop, baby I think you're  
I think you're beautiful, baby I'm sorry  
We're gonna fuck non-stop, baby I think you're  
I think you're beautiful, you're fucking beautiful
