

# Paths of Paradise (Remastered)

## Johnny Ray

Last night I dreamed  
I walked along the paths of paradise  
And only God could tell you  
What I've seenBut when I woke my heart was sad  
For then I realized  
The paradise for me  
Was still a dreamBut now I know that I'm the one  
Who journeys there to rest  
And every man must find  
His way aloneBut if a man can prove his try  
To do his very best  
The line of life  
Will lead the stranger homeSo when temptation blinds my eyes  
Lord I need to know  
Send down the winds to beat me  
Come and tell me I must goSo when at last these days of life  
Are numbered few for me  
And fear and pain  
As she left from my eyesI'll bow my head and say a prayer  
Wherever I may be  
To walk again  
The paths of paradise
