

# Speak For Yourself

## Monofactory

Look around across the nation  
Another league of morons marching banners in hand  
    Looking for another scapegoat  
Try to take away the things they don't understand  
    Somewhere in the darkness  
    There's a voice that's crying to be heard  
    You feel it deep inside you  
    A voice that just won't be denied  
        Speak for yourself  
    Someone will hear you  
    Someone will listen  
        Speak for yourself  
Who knows, you might change your world  
    They try to take away your freedom  
They try to tell you what you can or what you can't hear  
    Don't let this moral suffocation  
Make you turn out just like them is that what they fear?  
    Somewhere in the darkest night  
    A voice that's crying to be heard  
    You hear it deep inside you now  
    A voice that just won't be denied  
        Speak for yourself  
  
    Someone will hear you  
    Hear what you're saying  
        Speak for yourself  
Who knows, you might change your world  
    They never listen to a word you say  
They always turn their backs and walk away  
Well, take a look at yourself now, baby take a look at yourself  
Take a look at the things you should have done, it's up to you  
    Speak for yourself  
    Someone will hear you  
    Someone will listen  
        Speak for yourself  
    Someone will hear you  
        Out in the darkness  
        Speak for yourself  
    Someone will hear you

Someone will listen  
Speak for yourself  
Who knows, you might change your world  
You might change your world  
Speak for yourself
