End Of Days

Nocturnal Rites

Have you seen the fall of the world
How blood stains the ground at our feet
Mankind kills in the name of God
Holy vengeance, lies, and deceit
Have you seen the fall of man
How wounded he crawls through the mud
Dust and bones still cover the soil
While we measure our wages in bloodWe've lost the our way, the end of the rope
Our final day
We'll never learn, bridges still burn
The end of days, now feel how we lost our way
Forgive the sins of those before
And turn the lies away
With eyes ablaze, no witness our end of days
A fading world for all to see, unfold the final decreeDreams are spun in ivory towers
And fear is the game we learn
See the world, its barren soil
The shackles that hold us will burn
It feels like we fade away
The world is dark and burning
We know, it's coming near
This is the end of days
