

Soon

Triggerfinger

I want it soon but not right now
I wanna wait, just a little longer
I want it soon but not right now
I want to longin' to grow a little stronger, ooh I want it soon but not right now
Play by the strict rules of attraction
I want it soon but not right now
More pleasures head, by delayed satisfaction Ooh
(Love)
Ooh
(Love)
Ooh
(Love) I wanna be there for you
I wanna be there, it's true
But it's too soon to go undercover now, baby
I'm gettin' ready In addition to my earlier request
You do, you do, you do, you do, you do
You do what's best
I have to tell you about the state of my chest
You left, you left, you left, you left a mess
A mess, a mess, a mess I wanna be there for you
I wanna be there, it's true
But it's too soon to go undercover now
I'm gettin' ready I, I, I, I can hardly wait
I can hardly wait I wanna be there for you, I wanna be there, it's true
But it's too soon to go undercover
I wanna there for you I wanna be there, it's true
But it's too soon to go undercover I'm getting ready
I'm getting so ready-y-y I, I, I, I can hardly wait
