

Like It Like That

Icp (insane Clown Posse)

I'll ride a fucking pogo stick all over your face
With Shaggy on my shoulders adding to the weight

 We like it like that, fuck you

 We like it like that, so fuck y'all

 We love all hoes, skinny old hoes

 Big balled hoes, we dig all those

 We like it like that, fuck you

 We like it like that, so fuck y'all

We slap rappers in the head with the mic during freestyle wars

 And get thrown out the doors

 Dynamite

 We rock our own wear and if we don't care

 About what the fuck is going on out there

 We like it like that, fuck you

 We like it like that, so fuck y'all

 Fuck you, fuck y'all

 Fuck you, fuck y'all

When the streets go quiet it means something's wrong

I'm standing on a corner sippin' on something strong

 We like it like that, fuck you

 We like it like that, so fuck y'all

 Channel 719 hit us with the high beam

Wicked Clown's choppin' 'em down live on the scene

 We like it like that, fuck you

 We like it like that, so fuck y'all

 Sometimes my dome feels like a cherry bomb

I gotta pound his fucking head with a hammer to keep him calm

 Get him

 We so deep underground, the devil came around

 But got his tail chopped off by Shaggy the Clown

 We like it like that, fuck you

 We like it like that, so fuck y'all

 Fuck you, fuck y'all

 Fuck you, fuck y'all

We livin' in a fun house, walkin' through mirrors and walls

 The floor spins and it rains in the halls

 We like it like that, fuck you

 We like it like that, so fuck y'all

 Many hate us but we the greatest

Y'all just keep talkin, elevate us
We like it like that, fuck you
We like it like that, so fuck y'all
We human cannonballs flyin' with no necks
Into brick walls scarier the show gets
We throw our punches, hittin' faces like freight trains
Guaranteed to put shit in your hanes
We like it like that, fuck you
We like it like that, so fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
Fuck you, fuck y'all
(Say fuck y'all)
Fuck y'all
(Fuck you)
Man, fuck you bitches
(Fuck y'all)
Fuck y'all
(Fuck you)
What you gonna do, bitch
(Fuck y'all)
I say fuck y'all
(Fuck you)
Man, fuck all you hoes
(Fuck y'all)
