

Doubter Out of Jesus (All Over You)

[Chuck Prophet](#)

you can make a doubter out of jesus
you can make a monky out of me
i wont require much commenses
to believe you can turn my heart into a hamburger
leave it all alone here in the dark
I love my life too much and im still willing to play the part
and if im not the only one,i promise i wont come undone all over you(x5) well if you ever wander off without me
you wont find me rocking back and forth
of all the things i couldnt pull them, anymore
and if im not the only one i promise i wont come undone all over you(x8) you can make a doubter out of
jesus(x16)
