## The Plot in You

I wasn't sure if I should stay or go
I had covered for you for way too long
This isn't how it's supposed to be
And it's taken it's toll on me
I'm so disgusted with myself
You told me they'd never find out
They wouldn't care, they wouldn't believe me
I hope you let me sleep tonightYou creep up on me when she's not around, not around to save me
Why can't you just go away
What if I can't forget anything, everything
What if I wait here, what if I stand here waitingI'm falling apart
You made me lay there hopelessly
I couldn't scream a word, I couldn't push away
If this is what you need to get off, I'd hate to see what's next for you
Are you disgusted with yourself?
She'd have you slaughtered and hope you burn in hellYou creep up on me when she's not around, not around to save me
Why can't you just go away
What if I can't forget anything, everything
What if I wait here, what if I stand here waitingYou mother fucker I hope you burn in hell
I hope you know what you've caused me
You are the one that's ruined me
