

# With Oden on Our Side

## Amon Amarth

Finally the storm arrives  
Our wait is at an end  
Under dark winter skies  
We make our final stand  
For each of us there are four of them  
It matters not to us  
We won't leave this field in shame  
We are here to crush  
Futile to resist  
You know why we have come  
Futile to resist  
The battle is already won  
Our hearts are full of pounding rage  
Our minds hard as steel  
And before the dying day  
We will have you kneel  
The snow turns red from all the blood  
Severed limbs and heads  
A sacrifice to one-eyed god  
He will claim the dead  
Under winter skies  
We stand glorious  
And with Oden on our side  
We are victorious  
No retreat  
No remorse  
Victory  
Will be ours  
Blood on steel  
Sacrifice  
Victory  
Will be ours  
Under winter skies  
We stand glorious  
And with Oden on our side  
We are victorious  
Futile to resist  
You know why we have come  
Futile to resist  
The battle is already won  
Futile to resist  
You know why we have come  
Futile to resist  
The battle is won!
