Priceless

Bizzy Bone

I remember when I'd run to you
In field of white flowers
Your embrace is my air
How I needed you there
And all of the world
And all of it's powers
Couldn't keep your love from me, no
Couldn't keep your love from me
'Cause I need you
Like the dragonflies wings need the wind
Like the orphan needs home once again
Like heaven needs more to come in
I need you here like you've always been
Then I waved goodbye to you
From a field of white flowers
You were so proud of me
I was too proud to see that
All of the world
And all of it's power
Couldn't keep your love from me, no
Couldn't keep your love from me
'Cause I need you
Like the dragonflies wings need the wind
Like the orphan needs home once again
Like heaven needs more to come in
I need you here like you've always been
Taking for granted
Taking for granted
And all of her smiles
Could not be reminded
You got away
And now I'm looking up to you
From a field of white flowers
You were so proud of me
I'm so proud of you
All of the world
And all of it's power
Couldn't keep your love from me, no
Couldn't keep your love from me

'Cause I need you
Like the dragonflies wings need the wind
Like the orphan needs home once again
Like heaven needs more to come in
I need you here
I need you
Like the dragonflies wings need the wind
Like the orphan needs home once again
Like heaven needs more to come in
I need you here like you've always been
