

# Wild World (feat. Bee Jay)

## Lewisland

Whatâ€™s the matter girl  
Did you loose your world  
Did the snow fall down on your face  
Did the sun give you warm embrace  
Whatâ€™s the hurry love  
All the drugs donâ€™t work  
Distant feeling like youâ€™re lost in space  
Slowly drifting and falling from grace  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
You can barely talk  
Now youâ€™re giving up  
Donâ€™t let the silence take you away  
Donâ€™t let the violence stand in your way  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
Baby itâ€™s a wild wild word  
Whatâ€™s the matter girl  
Did you loose your world
