# My Blue Angel

## Aaron Tippin

Somewhere out there in the smoky air
Where the night is neon blue
Surrounded by strangers, she don't know the dangers
One drink could lead her toAnd if she falls, it's all my fault
For doin' a good woman wrong
I can't be far behind her
Oh, Lord, help me find her before my angel is goneLooking for my blue angel
The same one that flew from my arms last night
If you see my blue angel
Tell her that Heaven without her feels like Hell tonightLast night when she left I told myself
That she wouldn't go too far
Now I'm not so sure how long her tears
Could last in a stranger's armsShe's wounded I know and feelin' so low
She could fall at anytime
And I don't know what I'd do if I were to lose
That precious angel of mineLooking for my blue angel
The same one that flew from my arms last night
If you see my blue angel
Tell her that Heaven without her feels like Hell tonight
Yes, tell her Heaven without her feels like Hell tonight
