

Tell That Devil (feat. Hayden Panettiere)

Nashville Cast

Tell that devil to take you back, take you back, take you back

My heart went from red to black, red to black, red to black

Came up from that lake of fire, lake of fire, lake of fire

Only had that one desire, one desireGot a mouth full of gasoline

Don't you bring your mind in me

Well I gave you all I got to give

I know that ain't no way to live

So I told that devil to take you back

I told that devil to take you backYou came around to watch me break, watch me break, watch me break

Just another soul to take, soul to take, soul to takeSweet shot of kerosene

When I threw it back, it poisoned me

Well I gave you all I got to give

I know that ain't no way to live

So I told that devil to take you back

I told that devil to take you backOoooh-ooohTell that devil to take you back, take you back, take you back

My heart went from red to black, red to black, red to black

Came up from that lake of fire, lake of fire, lake of fire

Only had that one desireYou're a sweet shot of kerosene

When I threw it back, it poisoned me

Well I gave you all I got to give

I know that ain't no way to live

So I told that devil to take you back

I told that devil to take you back

I told that devil to take you back
