

# Common Burn

## Mazzy Star

Simple things like your overcoat  
And your beauty  
That still are burnin' me  
Let me hang around  
Even if it's just some way

Oh simple me that you fled  
But we haven't a clue That common burn  
That common burn Aware of ...  
I've seen yours  
So many times before  
You could sit around  
And have everything that you score  
Just don't come home and say  
You've been asleep  
When you know you're burnin' someone That common burn  
That common burn  
You know we have
